

BETWEEN LAKE GENEVA AND MONT-BLANC

Family trek with donkeys

Come and discover the Chablais region, between Lake Geneva and Mont Blanc, a UNESCO World Geopark, its beautiful mountain pastures and all the stories they tell. Sleep in a trapper's camp, hunt for marmots (just to observe them, not to eat them!), hike to a pass or a small summit, make a herbarium or even a water mill! And to complete the adventure, spend one last night far from civilization, in a refuge nestled in the heart of the mountains! Donkeys are with us all the way. Faithful companions, they carry our picnics, let themselves be brushed, led by the bridle or cuddled, they are the children's best friends.

The route

Day 1

Meet Sunday at 2:30pm in front of the Post Office in Morzine.

MORZINE - MONTRIOND LAKE

After a short briefing, start off on an easy hike to get used to the donkeys... learn to lead them, give some gentle coaxing and kind cuddles. Cross the Dérêches Park and climb up towards the Montriond Lake along the local river La Dranse. Swimming and nautical activities possible on the lake. Or an extra hike to reach the Ardent waterfall. Night in a hotel near the lake in a Canadian atmosphere.

2 hour walk / Elevation: +100m

Day 2

COL DU FORON - COL DE LA BOLIRE

The day starts with a "hello" to Pierrot, always ready to tell a story about his life in the pastures with his herd. Climb to the Col du Foron (1832m), with the donkeys where we can see numerous chamois and marmots in this corner of paradise. Arrive at the Col du Foron and the brave mountaineers can climb to the summit of the Pointe de Chalune at 2116m with its superb views of the whole of the Chablais mountain range and Lake Geneva. Descend via Chalet Blanc and the Col de la Bolire. Return for a second night to our hunter style basecamp.

4.5 hour walk / Elevation: +/- 550m

1.5 hour walk / Elevation: +/-220m to Pointe de Chalune

Day 3

COL DE LA BASSE - LES PRAZ - LAC DES MINES D'OR

It's time to reach our new playground. Climb to the Col de la Basse for a final view of the Roc d'Enfer and Mont Blanc. Descend through the mountain pastures of Les Praz and Côte d'Arbroz, before returning to the Vallée de la Manche after a short transfer to the Lac des Mines d'Or.

Settle into your hostel for two nights, facing the mysterious Terres Maudites...

4.30 hour walk / Elevation: +/- 350 m

Day 4

SMUGGLING TO THE COL DE COUX

A big day! Depart early with the donkeys towards the farm at Freterolles to watch Louis-Paul making cheese, local tomme de Savoie and goats cheese. For those who don't like the smell of cheese you may drink a coffee (or a glass of local white wine!) in the farmhouse bar whilst you wait. We continue on to the Col de Coux at 1920m the French Swiss border rich in historic tales of smuggling, clandestine crossings, gold prospectors and a route for migrating birds... Descend through mountain pastures amongst local Abondance breed cows. Second night in the gîte at Lac des Mines d'Or.

5 hour walk / Elevation: +/-530m

Day 5

COL DE LA GOLÈSE - REFUGE DE BOSTAN

Our budding adventurers set off on foot from the gîte, with our donkeys, for a final night in the heart of the mountains! We climb through forest and pastures to the Col de la Golèse. The landscape changes as the Dents d'Oddaz range emerges like the crest of a huge sleeping prehistoric animal... a short traverse, a last little climb to reach the refuge, nestled against the animal's side, and the discovery of the Lapiaz can begin. Overnight at the Bostan refuge, in the magical atmosphere of a late day far from civilisation!

4.30 hour walk / Elevation: +580m /- 210 m

Day 6

VALLON DE CHARDONNIERE - MORZINE

From the refuge, traverse to the Bostan ridge and then descend to the Chardonnière mountain pasture, at the foot of the majestic Terres Maudites. Picnic by the stream (very useful for making dams and other water mills). Return to Les Mines d'Or along the footpaths and short transfer to Morzine.

4.5 hour walk / Elevation: +150m -510m

End point Friday at 4:00pm in Morzine.

GUIDING

Your trip is organized in a group of 6 to 14 people under the responsibility of a guide. A qualified professional, he or she is the guarantor of the smooth running of the trip, the activities, the exploration of the environment...

As a thank you, it's usual to tip your guide at the end of your hike. It's not obligatory, but much appreciated.

GET YOUR IMAGINATION WORKING

The Chablais mountains are particularly suited to the discovery of the alpine environment:

- Typical farmed mountain pastures watched over by shepherds;
- Easily reached mountain summits;
- Wildlife in abundance that we can observe with binoculars and spot their tracks;
- Large panorama of the Alps, ideal to learn about geography and geology (if you feel like it!);
- Historic region full of tales of smuggling, gold prospectors, shepherds secrets and more...

We have designed this program with children in mind but also so you may enjoy this experience with them.

TRAVELLING WITH A DONKEY

Donkeys are your children's companions. They motivate them to walk alongside them, carry the day's picnics, let themselves be brushed, led by the bridle or cuddled. They can carry tired young hikers on their backs (children weighing up to 40 kg), terrain permitting. A donkey walks at around 4km/h and is not a great sporting performer, but with a little firmness and a lot of affection, you'll soon make it your hiking companion. 3 to 4 children are allowed one donkey each. The donkey is docile, placid and gentle, but has its own character. They can be unpredictable, so you need to remain vigilant at all times. During the hike, any child carried is the full responsibility of the adult responsible for the child. You are therefore required to have insurance.

ACCOMMODATION

2 nights camping (tents and mattresses provided, *bring your own sleeping bag) ;

2 nights in family rooms for 2 to 4 people in a gîte or hotel ;

1 night in dormitory in refuge.

The "hunter" style basecamp is as comfortable as possible whilst keeping close to nature: communal mess tent with dining table and wood stove, family tents for the night with thick sleeping mats, fire pit area for the barbecue, compost toilet and washing area. The refuge does not have any shower.

MEALS

Breakfast and dinner are provided in each accommodation or prepared together at the camp. During the two nights in the bivouac, meals are prepared together and the dishes are washed together using water from the nearby spring. It's a collective living space that provides a break from the usual rhythm of life and requires everyone to get involved.

Picnics are included and are carefully prepared daily by your mountain leader, comprising a variety of healthy salads and local products.

Please inform us about your food allergies and special diets **at the time of booking**. We do our best to accommodate special diets (gluten-free, vegetarian, etc.). However, we encourage you to bring some additional products for your own picnics.
