

GRANDE TRAVERSEE DES ALPES - 1st and 2nd section

From Lake Geneva to the Maurienne valley

Travel across the Alps, meeting both the people and the mountains... The Grande Traversée des Alpes (GTA) between Lake Geneva and the Mediterranean is a long-distance journey. It's a chance to put your everyday life on hold! The route skirts the Swiss and Italian borders, crossing five French departments and some of the best-known mountain ranges in the Alps.

1st section: Chablais, Haut Giffre, Aiguilles Rouges, Mont-Blanc

This first part takes us from the shores of Lake Geneva to Chamonix, the capital of ice. We discover the Chablais region, with its distinctive limestone relief, and the Abondance mountain pastures, so lush and green! The Dents Blanches massif, wild and unspoilt, is the gateway to Faucigny region. This is the land of giant waterfalls, lapiaz and chasms, but also of paradise-like mountain pasture plateaus. A few hours' walk and we're in the Aiguilles Rouges, from where we can finally see the whole Mont-Blanc chain, a great spectacle of glaciers and rocks...

2nd section: Mont Blanc, Beaufortain, Vanoise

This section takes you from the giant glaciers of the Mont-Blanc region to those of the Dômes de la Vanoise, just as imposing in terms of the surface area they cover. And along the way, collections of milk cans will remind you of the authenticity of the pastoral life of the Beaufortain mountain pastures. There's no room here for industrial livestock farming, even if cow herds often number over 150 head. It's also a route between three major Alpine valleys: the Chamonix, Tarentaise and Maurienne valleys.
